László Szabó's publications

2013

1 Gábor Hofer-Szabó, Miklós Rédei, László E Szabó
The Principle of the Common Cause
Cambridge: Cambridge University Press, 2013. 209 p.
(ISBN:978-1107019355)
Independent citations: 5

1 *Mauricio Suárez*
Interventions and Causality in Quantum Mechanics
ERKENNTNIS Paper DOI: 10.1007/s10670-013-9509-5. (2013)

2. *Matthias Egg, Michael Esfeld*
Non-local common cause explanations for EPR
arXiv:1312.2801 [quant-ph]. (2013.)

3. *M Steel A Taylor*
The Structure of N-Player Games when Influence and Independence Collide
(2013.)

4 *M Rédei*
Hilbert's 6th Problem and Axiomatic Quantum Field Theory
Perspectives on Science 22: (1) *p. 80. (2014)*

5 *Jeremy Butterfield*
On under-determination in cosmology
STUD HIST PHILOS M P (ISSN: 1355-2198) 46: *pp. 57-69. (2014)*

2 Márton Gömöri, László E. Szabó
Operational understanding of the covariance of classical electrodynamics
PHYSICS ESSAYS 26: pp. 361-370. (2013)

3 Márton Gömöri, László E Szabó
Formal statement of the special principle of relativity
SYNTHESE 2013:(12) pp. 1-24. (2013)

4 E. Szabó László
Vázlatpontok a fizikai elméletek fizikalista értelmezéséhez
In: Zvolenszky Zsófia, Molnár Attila, Mekis Péter, Markovich Réka, Jellinek Sára, Gömöri Márton, Bitai Tamás (ed.)
Nehogy érvgyűlölők legyünk: Tanulmánykötet Máté András 60. születésnapjára. Budapest: L'Harmattan, 2013. pp. 122-129.
(ISBN:978-963-236-423-0)

2012

5 László E. Szabó
Mathematical facts in a physicalist ontology
PARALLEL PROCESSING LETTERS (PPL) 22:(3) Paper 1240009. 12 p. (2012)

2011

6 László E. Szabó
Lorentzian Theories vs. Einsteinian Special Relativity: A Logico-empiricist Reconstruction
In: András Máté, Miklós Rédei, Friedrich Stadler (ed.)
Der Wiener Kreis in Ungarn / The Vienna Circle in Hungary. Dordrecht: Springer, 2011. pp. 191-227.
(Veröffentlichungen des Instituts Wiener Kreis; 16.)
(ISBN:978-3-7091-0176-6)
Independent citations: 2

1 *Rodrigo de Abreu, Vasco Guerra*
Relativity: Einstein's Lost Frame
Lisbon: Extramuros, 2007.
196 p. (ISBN 9789729565663)
